EXPERIENCE

Distribution Center Analyst
MillerCoors, Golden, CO
August 2015 - May 2016

- Managed inventory levels and executed weekly shipping plan for the Golden Distribution Center.
- Mitigated finished goods lost and collaborated with supply planning to ensure sufficient product supply.
- Designed and documented a year-end process to meet shipment targets to close out 2015.

Customer Service Analyst
MillerCoors, Golden, CO
March 2015 - August 2015

- Analyzed client inventory levels and monitored shipments to ensure timely product delivery.
- Managed customer relationships with a positive attitude and integrity.
- Examined sourcing changes to lower transportation costs and maintain pristine service levels.

Client Data Management
Morgan Stanley, Baltimore, MD
October 2012 - February 2015

- Led the decommissioning of a legacy application, which reduced the scope of the data migration by 70% by investigating user account activity.
- Collaborated with internal and external stakeholders to coordinate the onboarding of Prime Brokerage clients.
- Executed client launches by providing accurate product accounts, reporting and technology access.
